COMMERCE BOARD REFERENDUM WILL CLOSE TOMORROW

CHOICE OF OFFICERS MUST BE
EXPRESSED PRIOR TO 2
O'CLOCK.

Members of the new Albany Board of Commerce should fill in their referendums and mail or send them to campaign headquarters at 411 Second avenue by 2 o'clock tomorrow afternoon, at which time the nominations for officers of the organization close. This announcement was made today.

Generals Issue Statements.
The following statement was issued today by Generals Hall and Wolcott, who have done such valiant service in the campaign:

"The results of the canvass for our Board of Commerce have more than exceeded our expectations. The campaign is not over. There are a number of citizens in Albany whom our workers have been unable to reach in the three days of the campaign. We feel sure many of those who have not been seen desire to join our progressive business men in this important community enterprise.

"We want to express, not only to the active workers in the campaign, but to those who responded to their appeal, our sincere gratitude for the exhibition of loyalty to this movement, which will result in the advancement of all phases of our community life.

"We beg to call attention to the importance of the meeting to be held at the campaign headquarters, 411 Second avenue, at 8 o'clock p. m. Wednesday, Nov. 15, for the purpose of adopting a constitution and by-laws and electing the officers and directors, who will manage the affairs of the organization.

"We are anxious that every subscriber shall promptly fill in, sign and return the referendum which has been mailed, as this is the democratic method adopted for placing the prospective officers in nomination, and securing the opinion of the members as to the nature of the work to be undertaken."

MARTIN SAYS HE'LL CLEAN UP MADISON

ATTORNEY GENERAL INTIMATES
HE MAY GO DOWN IN POCKETS
FOR FUNDS.

(International News Service.)
Huntsville, Ala., Nov. 14.—Whether Gov. Henderson pays for it or not Attorney General Martin is going to clean up Madison county. He intimated as much today when he authorized the statement that he would get money enough to carry out his plans even if he had to resort to private funds.

Mr. Martin says he is in it and will fight to the finish as far as the Russell county expenditures are concerned, having taken an appeal to the supreme court from the decision of Judge Leon McCord at Montgomery.

Huntsville remained quiet today. The date of the arraignment of D. B. Overton, charged with the murder of Probate Judge W. T. Lawler, had not yet been announced.

Fighting on the Somme front today commands the attention of the world. The new British drive west of Bapaume is England's contribution to the great combined allied offensive to save Roumania. The battle of the Ancre, which has carried the British troops a mile and one-half forward to the outskirts of Bapaume, is still raging with undiminished vigor.

The attacks are being carried out by the British without the help of the French. With Beaumont Hamel safely in their hands, the British are pounding the German lines over a front of five miles, and have already captured nearly 5,000 prisoners. The attacks are being carried out beneath a lasting cannonade from hundreds of German guns.

From a point of fierceness of fighting the attempt of the allies to encircle Bapaume is entering an entirely new phase. Austro-German reinforcements are arriving on the Roumanian front. Unofficial reports continue to arrive telling of the desperate plight of Von Mackensen's army in Dobrudja, but these are not borne out by the official statements. In Macedonia the Serbians are following up their advantage southeast of Monastir.

(International News Service.)
London, Nov. 14.—England's greatest blow on the Somme front has been struck.

Pressing forward through the first line positions of the Germans over a line five miles wide the British have advanced more than a mile and are now in position to strike at the strategic town of Miraumont, which the Germans have strongly fortified.

Great rejoicing echoed throughout the British Isles today following the victory by the British. The newspapers are particularly elated over the fact that the British troops won without the help of the French.

**LOSSES ON SOMME ARE
ADMITTED BY GERMANS.**
(International News Service.)

Berlin, Nov. 14.—The loss on the Somme front of the villages of Beaumont Hamel and St. Pierre Divion to the British was officially admitted by the German war office. The stubborn defense of the German soldiers caused them considerable losses in the sectors of Hebuterne, and at Grand Court the British penetrated German trenches, but were rolled back to their own positions by savage German attacks.

**RUSS IN TRANSYLVANIA
FLUNG BACK TO BORDER.**
(International News Service.)

Berlin, Nov. 14.—Russian troops that have invaded Transylvania and advanced as far as the Orygorsk mountains have been flung back to the frontier by the German forces, the war office claimed today. South of Rottenburg pass several hundred more prisoners have been captured.

Relative of Wife of President Suicides

(International News Service.)
Washington, Nov. 14.—Carroll Galt, a nephew of Mrs. Woodrow Wilson's first husband, committed suicide here today by taking bichloride of mercury tablets. Galt, who was 35 years old, walked into a downtown saloon and said to the bartender:

"I have taken poison. Call the wagon."

He died twenty-five minutes after reaching the hospital. No cause has been assigned for the deed.

CHAMP CLARK IS BACK AT CAPITAL READY TO FIGHT FOR RE-ELECTION

DEMOCRATS ALREADY LAYING
PLANS TO ORGANIZE NEXT
CONGRESS.

NONDESCRIPTS MAY CONTROL

PROGRESSIVE, SOCIALIST, INDEPENDENT AND PROHIBITIONARY HAVE BALANCE OF
POWER.

(International News Service.)
Washington, Nov. 14.—A post-election fight for control of the house in the sixty-fifth congress was begun here today.

With both republicans and democrats just short of a majority in the next house, efforts were begun to control the vote of progressives, prohibition, independent and socialist members, who may hold the balance of power.

Speaker Champ Clark came back to Washington in a rather taciturn mood after the strain of the long campaign, and declined to hazard any estimate as to who would control the next house, but his friends at once began a campaign to win over the votes of independents in the next congress.

Optimism among the democrats was encouraged by the divided sentiment of republican house members reaching Washington. Speaker Clark was evidently prepared for a strenuous campaign for his re-election and he was determined not to concede the next house to the republicans.

SPECIAL AGENTS.

(International News Service.)
El Paso, Nov. 14.—Pancho Villa again is concentrating his forces at Santa Ysabel, west of Chihuahua City, and preparing to move on the state capital, according to information received by federal agents here today.

**AGREEMENT TO WITHDRAW

(International News Service.)

Atlantic City, Nov. 14.—It was learned today that agreement for the withdrawal of Pershing's forces from Mexico were premature.

**AMERICAN ARRESTED FOR
UNCOMPLIMENTARY REMARK**
(International News Service.)

El Paso, Nov. 14.—Wm. S. Ibis, an American, was arrested by Carranza authorities at Juarez today charged with declaring that the garrison of that city could be bought by anyone who had \$100. He is threatened with execution.

No steps have been taken by the authorities at Washington to prevent the sentence of death from being carried out on three other Americans in jail at Chihuahua. The fate of nine Americans who were in Parral when the Villistas took the town was in doubt today.

Railroad Men in Rhyme Celebrate Wilson Win

The election of President Wilson brought especial joy to local railroad men, the majority of whom supported him with unflinching zeal.

In celebration of the victory, the following verse has been contributed to the literature of the occasion, and copies of it are being generally circulated in railroad circles:

I bet my house, my clothes and shoes,
Laid them on old whiskered Hughes;
I lost them all and have the blues,
And cannot stand this Wilson news.

The room is generally filled with flowers. The city clerk stands behind a table and joins lovers in wedlock. No time is lost, no expense incurred. HEARTBROKEN WIFE AND CHILD WRITE TO R. W. MINOR WHO KILLED WOMAN AND SON

Woman Claiming to be Mrs. R. W. Minor of East
Lake, Tenn; Claims Belle Mina Man
Had Three Wives

That R. W. Minor, who killed his wife and step-son in Belle Mina on Sept. 28 and was himself cut in several places, has probably two living wives, is the belief of local officials.

This belief was strengthened by a letter from a woman signing herself as "Mrs. R. W. Minor," and living at East Lake, Tenn. The first letter written by Mrs. Minor was to the sheriff of Limestone county. She said she saw the account of the death of Minor in an Albany special to the Chattanooga Times. She expressed the opinion that Minor was her husband and asked for details.

The last letter written by Mrs. Minor is as follows:

"I received your letter and also a copy of the paper, for which I thank you very much. I have been greatly worried over this affair, and I don't know just what to do about it. If my husband married a Mrs. Hardeman at Rome, Ga., one year ago, I never knew anything about it. He didn't have a divorce from me, so far as I know.

"My husband left East Lake in July or August, 1915. Mr. Minor and I lived in Rome about two years. He worked at Shorter College about a year. I came to my father's here in

August, two years ago, and have been here ever since. My people wouldn't let Mr. Minor stay, for he would not work and support me and my little girl."

Mrs. Minor further stated that her husband sent a picture of Mrs. Hardeman to her sister, with the word that she was to be "Mrs. Minor the third." The woman says that another woman, claiming to be a wife of Minor, lives in New Mexico, her postoffice address being Broncho, Texas. Sympathy is expressed for the last Mrs. Minor who met such an untimely death.

"If I had the money," says the letter, "I would like to visit the place where the tragedy took place. I would like to know where she was buried and if she had any people to see after her. They have my sympathy. I am sending a letter to Mr. Minor his baby wrote him. She is heartbroken about her papa. I thank you so much for your kindness."

The Baby's Letter.
The letter to Minor from his baby is as follows:

"Dear Papa:—I am sorry you are sick. I will come to see you if you want me to. Your baby, Lenora Minor. A Kiss."

This last letter was written in a childish scrawl.

Alabama Field Trials Will Be Held on Decatur Grounds Again

With the advent of chilling frosts, the approach of winter and incoming of the open season on game, the sportsmen of Alabama are cleaning up guns and putting their dogs in trim for the season's sport, which promises to be unusually good.

Along with these preparations the field trial contingent have gotten busy, and in a neatly printed booklet announce the program for the annual holding of the Alabama Field Trials Club at Decatur, beginning January 15, 1917.

There will be three stakes:
The Alabama Derby, open only to Alabama owned pointers and setters, born on or after January 1, 1915, and handled by owner or other amateur resident of the state.

Alabama All-Age Stake, open to Alabama owned dogs of any age, provided they have not won a place in the professional circuit and are handled by owner or other amateur resident of Alabama.

Free-For-All Stake, open to dogs of any age and from any state, provided they have not won first or second in the grand circuit and are handled by owner or deputy who is not a professional handler.

Entries to all three stakes close night before the running. Starting

fee is \$5.00 for each dog.

Three handsome loving cups engraved with name of owner and dog will be given to winners of first, second and third in the Derby and All-Age. Winner of Free-For-All gets a magnificent silver cup and fifty per cent of entrance money.

The club's grounds at Decatur are perfectly adapted to the sport and well stocked with birds. Hotel accommodations are ample and of the best, while the mounts are better than at any field trials in the South.

The participants and guests are taken to and from the trial grounds in automobiles.

The club will welcome the presence of ladies in the field each day, assuring them the sport is refined, exercise pleasant and riding easy.

The officers are:

D. S. Echols, president, Decatur.

T. T. Ashford, vice-president, Birmingham.

Jack Biddle, secretary and treasurer, Birmingham.

Board of governors—Hugh Seals, chairman; E. J. Rowe, R. G. Cortner, C. B. Elliott, W. J. Hutchinson, Lee Moody, B. F. Tyler.

The judges will be Col. W. F. Garth, Huntsville, and Mr. B. Brooks, Springville.

SENATE TO PROBE FRAUD MONEY USED TO DEFEAT WILSON

Political Sensation is Sprung by Administration
Leaders at Washington

VANCE McCORMICK NOW HAS EVIDENCE

Official Count Proceeds in Doubtful States and
Wilson is Gaining Every Hour

(International News Service.)
Washington, Nov. 14.—Plans were completed today by administration leaders for a senate investigation into charges that the republican national committee spend hundreds of thousands of dollars illegally in the national campaign.

The matter has been discussed by President Wilson and senate leaders, resulting in a decision to begin the investigations shortly after congress convenes in December, it was learned from official quarters today.

A general assemblage of democratic senators in Washington today caused reports which were denied by all officials that a special session of congress would be called. It was said that most of the alleged fund was sent in states east of the Mississippi river.

From administration officials it was learned that Democratic National Chairman Vance McCormick has received what he claims to be positive evidence that the republican national committee collected more than \$3,000,000 in Wall street and spent a large part of it in Indiana and West Virginia.

Total expenditures of the republicans were said to be more than \$7,000,000.

PRESIDENT MAY LOSE ONE VOTE IN IDAHO.

(International News Service.)
Portland, Ore., Nov. 14.—President Wilson is likely to lose one electoral vote in the state of Idaho, according to dispatches from Boise today. James Pincock, one of the successful democratic electors, was also a candidate for the state legislature and was elected. The law provides that a presidential elector is disqualified if he holds a state office.

WILSON GAINING IN THE OFFICIAL COUNT.

(International News Service.)
San Francisco, Nov. 14.—Official count of the presidential election returns throughout California was resumed today with only minor changes in the standing of the two candidates, from that gives by the unofficial tabulation.

As the result of the first day's count President Wilson had the better of it, and the republican hope that the presidential majority of more than 3,600 would be cut down sufficiently to throw the state to Hughes is growing fainter.

In San Francisco precincts so far checked Wilson made a net gain of six votes.

Wilson gains of a few votes each also were made in Alameda, Riverside, Marin, Colona and Monterey counties. Wilson lost 11 votes and Hughes 10 in 61 out of 122 precincts. In Los Angeles county the official count is temporarily held up pending the finding of missing lists from four precincts.

Linters consumed during October, 66,708 bales. Imports, 7,943, equivalent to 500-pound bales. Exports including linters, 801,471 running bales.

Bank Advances Money For Teachers' Salaries

Morgan county teachers will be able to get their salaries when due, owing to the fact that the Morgan County National Bank today advanced \$7,000 with which to meet the monthly pay roll.

As on last year the state is unable to meet the demands made upon its exchequer, and the local bank has again stepped into the breach by advancing the necessary funds.

RAIL CONFERENCE TO BE HELD SUNDAY

RAILWAY BROTHERHOODS DE-
CLARE STRIKE WILL SURELY
COME IF LAW IS NULLIFIED.

(International News Service.)
New York, Nov. 14.—With the railroad situation again growing ominous another meeting of the officials of the "Big Four" brotherhoods and the railway managers committee has been set provisionally for next Sunday in Washington. It may be held sooner.

A deadlock exists as the result of two futile sessions held yesterday. As the situation stands today the railroad employees, 400,000 in number, threaten to strike unless the eight-hour day provided for by the Adamson act goes into effect Jan. 1. Railroads are fighting the constitutionality of the measure.

"No power on earth can prevent a national strike if the Adamson law is held unconstitutional," declared G. H. Sines, vice-president of the Brotherhood of Railroad Trainmen, before leaving this city today.

WILSON'S SECOND TERM WILL BE DEVOTED TO BUSINESS.

The United States already tremendously prosperous, will witness an era of unparalleled business activity during the next four years. This will be due to a number of causes, one of which will be political.

The political incitant to commercial expansion is the bare majority, if any at all, of the democrats in the House of Representatives, and the completion of the radical legislative program of President Wilson. Already the majority of the reforms for which Mr. Wilson stood are upon the statute books, and the remainder will be there prior to March 4. Then for a four-year period, certainly for two years, with the House swinging as a pendulum from democratic to republican domination, dependent upon the solid alignment of the party forces, there will be little in the way of legislation to upset the staid traditions of the business world; nothing of a nature to even afford room for speculation as to the effect that it may have in the marts of trade.

This is fortunate. With the Senate so securely democratic that no effort will be made by the republicans to repeal the federal reserve law, the farm bank law and the other progressive measures that distinguish the Wilson administration; and with the House so closely divided along party lines that to offer partisan legislation would be fruitless, there will be a surcease from political agitation. Peace will be the rule. There are good times ahead.

President Wilson has already intimated that tariff changes to conform with developments resulting from the conclusion of the European war will have his support. There will be no rigid adherence to party shibboleths merely for the shibboleth's sake. Democracy can be depended on to meet any emergency that may arise, even if it may be necessary to forget some of the ancient doctrines. Four years from now the slogan "he kept us out of war" may be strengthened by the addition of the words "and he kept us on the crest."

Mr. Hughes, by refusing to concede the re-election of Woodrow Wilson, is only giving another evidence of his unfitness for the high office of president. Since he resigned from the supreme bench to enter upon the campaign he has not in a single instance shown any of the qualities of greatness that we usually expect to find in men of such prominence.

The Daily extends its congratulations to Governor Gunter of Colorado for preserving the family record of an unbroken series of victories in the political arena. Colorado is also to be congratulated.

The signs of the times point to a revival of the Clarkesque slogan, "you gotter quit kicking my dawd around."

Utah settled the argument as to how the women voted.

Uncle Sam can further show his tonorial ability by tripping old friend Cantrana if he persists in being naughty.

Even be-whiskered Hughes would have been glad to have won by a close shave.

Chairman Wilcox would make an admirable substitute for the boy who stood on the burning deck.

Isn't it about time to begin your Christmas shopping?

We would like to hear Mr. Hughes' private opinion of the sage who originated that stuff about "going west."

Miss Alice should spell it Fall.

SEN. STONE TALKS WITH PRESIDENT

THEN ANNOUNCES THAT "ABSOLUTE NEUTRALITY" POLICY CONTINUES TO RULE.

(International News Service.)

Washington, Nov. 14.—A general path to be followed in smoothing out the tangled international situation was surveyed today by President Wilson and Senator Stone of Montana, chairman of the foreign relations committee.

The senator called at the White House for his first post-election conference. Senator Stone said that the foreign policy of the administration would be materially altered as the result of the election and that "absolute neutrality" would continue to be the watchword of the administration in its relation with the belligerent powers of Europe.

AMUSEMENTS

MUTT AND JEFF MARRIED NOW.

A little nonsense now and then, is relished by the best of men. And women too. The old adage is proven over and over again by the continued and most extraordinary success of Gus Hill's productions of Mutt and Jeff. New York's best citizens, butchers, bakers and undertakers all turn to the funny pictures in the morning newspapers to see what those two funny fellows, Mutt and Jeff, are up to. Nor is the habit confined to any class, creed or status of life. Success, The banker, the lawyer and the judge enjoy the daily cartoons as well as his less fortunate brothers and applaud Bud Fisher's satirical humor. Millions of the best people in America have laughed at Gus Hill's company presenting Mutt and Jeff in their various plays and will continue to laugh at them as long as Bud Fisher and Gus Hill can keep up the pace. Mutt and Jeff have made five complete tours of the United States and Canada, with absolutely no sign of diminishing popularity, and will continue to do so far years innumerable.

"Mutt and Jeff's Wedding" will not only live up to past records of phenomenal business, but will prove to be the crowning triumph of Mr. Hill's long business career. All known box office records have been hopelessly shattered by the enormous popularity of this sure fire success that has been known as the mortgage lifter for house managers and theatre managers all over the country.

"Mutt and Jeff's Wedding" will come to the Masonic theatre tonight. It was designed for laughing purposes only. There isn't a serious thought in it or a suggestion in the entire show. It's mission on earth is simply to banish all cares and stifle the hook worm and grouch. Get seats early, as "Mutt and Jeff's Wedding" invariably plays to capacity houses and the early bird catches the best seat.

"THE KISS" AT THE DELITE AND STAR TODAY.

"Pardon me, but have I kissed you this evening?" It would be a rather startling question to ask a young lady that you met for the first time at a dance. But Owen Moore did not even stop for this formality—he just went ahead and kissed them until a number of irate mothers clamored for his scalp. You see, the trouble started when he kissed Marguerite Courtot, but did not know who she was because of her mask and the dim light in which they were sitting. She escaped, but he was so enthusiastic over that kiss that he determined to find the other half of it. So he began kissing every girl at the dance in the hope of finding her. Of course all this happened in a motion picture—"The Kiss," a Famous Players-Paramount picture, in which Owen Moore and Marguerite Courtot are co-starring.

Carranza Postpones Mine Confiscation

Gives Owners More Time in Which to Reopen Their Properties.

(International News Service.)

Washington, Nov. 14.—Announcement by Luis Cabrera, of the Mexican commission at Atlantic City, that Gen. Carranza has extended to next January the time within which mine owners in Mexico must reopen their properties, has delayed firm action by the state department for the annulment of the decree.

The time originally set by Carranza expired today, the penalty being confiscation of all unoperated mines. Luis Cabrera's optimistic statement that Gen. Pershing's troops soon will be withdrawn from Mexico is not shared in Washington.

The Carranza decree had given the mine owners until today to re-open and operate their properties.

THOUGHT.

Young man, life is before you. Two voices are calling you—one coming from the swamps of selfishness and force, where success means death, and the other from the hilltops of justice and progress, where even failure brings glory. Two lights are seen in your horizon—one the fast-fading marsh light of power and the other the slowly rising sun of human brotherhood. Two ways lie open before you—one leading to an even lower and lower plain, where are heard the cries of despair and the curses of the poor, where manhood shrivels and possession rots down the possessor; and the other leading off to the highlands of the morning, where are heard the glad shouts of humanity and where honest effort is rewarded with immortality.—John Peter Alt-Geld.

Think Figure "13"

Defeated Hughes

New York, Nov. 14.—Superstitious persons here would call Mr. Hughes' attention to the figure "13," for they think this had a lot to do with deciding the election. Mr. Hughes joked when he voted ballot No. 13. But it seems probable 13 will be the president's majority in the electoral college—and 13 is the number of electoral votes of California, the state which finally decided the result.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years
Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it.

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

ATHENS COLLEGE NOTES.

The second Lyceum attraction occurred on the evening of November 8, when the Apollo Concert Club gave a varied program which pleased those who heard them. The people of this company are very versatile and give a popular entertainment.

On Friday evening, Nov. 10, the people of Athens and Athens College were given a musical treat when Mrs. Edna Gussen and Miss Evelyn Egerton, of Birmingham, appeared before a large audience in a joint piano and song recital. These ladies are from the Music Study Club of Birmingham, and are making a recital tour, and Athens College was very fortunate in having this opportunity of hearing these artists in this brilliant program. They were enthusiastically received, being called back each time and on almost every recall very graciously gave other selections, which were much appreciated, especially since the program was already a heavy one and a tax on the artists. Both ladies have good stage presence and are most pleasing in their attitude towards their audience. Both are musicians of much native ability which they have cultivated highly.

Mrs. Gussen played several numbers that showed her in varied kinds of composition. She has brilliant technique and good execution. Her biggest number was the Chopin Scherzo in C sharp minor, and was brilliantly rendered. Perhaps her audience enjoyed most the two selections by Grainger which had an appeal to all whether musically educated or not. Mrs. Gussen plays a very beautiful and sympathetic accompaniment, which is rare in a piano soloist. Miss Egerton is a dramatic soprano of much power. Her interpretation of her songs was very sincere and intelligent, and her climaxes were well taken. She is temperamental and has a big voice which is also very pretty in delicate and pianissimo effects. Her articulation is distinct and her enunciation is clear. She sings with ease and freedom in French, German and Italian as well as in English.

Miss Esther Coupland, of Springfield, has entered college. Her mother came with her and was a guest here for a day.

Mrs. McFee, of Clanton, visited her daughter, Miss Kate McFee, this week.

Miss Elizabeth Gilliland has as her guest her sister of Nashville, who was formerly a student here.

Miss Ellison of the faculty had the pleasure of a trip to Nashville this week, where she was privileged to hear the lecture-recital by Tagore, and attended a reception given in his honor.

President and Mrs. Glasgow have returned from Bessemer and Birmingham, where they were in attendance on the North Alabama conference.

Munition Smugglers Arrested on Border

(International News Service.)

San Antonio, Nov. 14.—Gonzales and Cervato Flores, brothers, were arrested by federal agents early today as they were preparing to cross the border into Mexico near Eagle Pass with 20,000 rounds of ammunition. At the same time Leopold Sanchez, an alleged Carranza agent, was taken into custody here.

Skipper Declares That Columbian Was Warned

(International News Service.)

Paris, Nov. 14.—A representative of the United States embassy in Madrid is expected at Corunna, Spain, to take depositions of the American seamen on the United States steamship Columbian, which was sunk by a German submarine, says a dispatch from that city today.

Capt. Frederick Curtis of the Columbian said he was kept a prisoner on the submarine U-4 for six days after the destruction of his ship.

"The Columbian was warned, but the trip of the sailors to the Spanish coast in open boats was accompanied by great hazard," said the American skipper.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anurio"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anurio" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anurio Tablets. There can be no imitation. Every package of "Anurio" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anurio Tablets.

DR. MAYS DELIVERS SCHOLARLY ADDRESS

PASTOR OF CENTRAL BAPTIST
CHURCH HEARD IN HOWARD
COLLEGE DISCOURSE.

Dr. Livingston T. Mays' theme Sunday morning was: "The Responsibility and Opportunity of the Twentieth Century Minister," when he preached to a large congregation at the Central Baptist church.

The speaker's thought and sentiment was exalted; and in his sermon which was outlined, according to his statement from the pulpit, from his Howard college address of a few days ago, he proved himself an able and consecrated expounder of what a minister of the Gospel should stand for. Dr. Mays' outline and some of his sayings are as follows:

"Twentieth century Christianity required a Twentieth century ministry. 'Responsibility of this ministry is to God, to please and obey; to the people to help and direct.'

"Opportunity of the Twentieth century greatest of any age."

Sayings From the Sermon.
"Christ is more intensely interested in who is chosen president of the United States than in any man in America, because He loves America more than does any man in it."

"If the oldest religion is the best, ours is better than that of our fathers, because it is one generation older. Christianity gets better every day and year."

"People do not pay the preacher. They pay God and God through His church gives it to the preacher. This prevents a preacher from being a hireling."

"Preachers have greatest force in all moral movements. They led in abolition of slavery and are leading in the abolition of the saloon."

"Brave preachers will not let Satan brand the word 'politics' on the saloon, on militarism or on social evil and scare him off with the cry: 'You must not mix politics with religion.'"

"Prevalent evils which a courageous ministry will condemn are mob-law, unwritten law, murderers, militarism, the saloon and all social evil."

"The faithful preacher will be satisfied with the support of a respect-

able majority of his church. If his support is unanimous he has not been faithful, as a man can't please God and everybody."

"Paul and Christ, Wesley and Spurgeon had strong opposition, but strong friends. Doubting Thomas had little of either. Fight the devil and he will fight you. If he lets you alone you have been letting him alone."

"The surest sign that a man is not right with God is that he is not right with God's preacher."

Christ said to His Father: "The reproachers of them that reproached Thee, fell on me." Most preachers can say the same. They are reproached by those who reproach God."

Traffic in Votes is Being Probed

Federal Grand Jury Told by Secret
Service Men of Wholesale
Selling.

(International News Service.)

Chicago, Nov. 14.—The story of how votes in the election last week were bought at prices ranging from 60 cents to \$2.00 was to be told to federal grand jury here today by local agents of the department of justice. Scores of indictments were expected to result. Confessions now said to be in the hands of the agents are declared to point the way to men higher up. Similar action was to be taken in Indianapolis, Columbus and Cincinnati, it was said.
